TRUCKER SERIES

The Trucker Series of ladders are ideal for the construction, manufacturing, energy, and service industries, as they help increase worker efficiency and add safety to daily operations. The Trucker Series of ladders are ANSI (American National Standard Institute) tested & rated, compact in design and fit most truck trailers.

The Trucker Series of ladders are portable and mount to a variety of flatbed trailers to include drop dock, roll tarp, curtain side, utility trailers and more. As mentioned, the Trucker Series of ladders comply with the performance requirements for ANSI Special Duty (375-lb) capacity, which is the highest recognized Duty Rating for a special-purpose ladder.

The Trucker Series is constructed with lightweight aluminum for convenient portability. A heavy duty design with folding handrails and pivoting bottom step allow for compact storage (see our storage options).

Many of the ladders utilize aluminum CNC billet hooks for portable mounting, while others utilize steel brackets for a permanent mount option. Customization and powder coating is available for all Trucker Series of ladders.

TRUCKER I

#6900

The Trucker I ladder is designed to assure the user has (3) points of contact. The design features an aggressive slip-resistant tread and two folding handrails. The Trucker I ladder will mount in the stake pockets or rub rail of most flatbed trailers.

- **ANSI Rating – Special Duty (375-lb)**
- All Aluminum
- CNC Billet hooks
- Slip Resistant Treads & D-Rung
- Foldable bottom D-Rung step
- (2) Folding Handles
- Weight: 22-lbs
- Dimensions (Stored): 21" W x 37" L
- Dimensions (In-Use w/Handle): 21" W x 71" L
- Powder Coat finishes are available
- Storage Options Available

DROP DECK TRUCKER

#6400

The Drop Deck ladder is ideal for safely accessing drop deck trailers. The Drop Deck ladder will mount in the trailer's stake pockets or rub rail.

- **ANSI Rating – Special Duty (375-lb)**
- All Aluminum
- CNC Billet hooks
- Slip Resistant Treads & D-Rung
- (2) Folding Handles
- Weight: 15-lbs
- Dimensions (Stored): 21" W x 26" L
- Dimensions (In-Use): 21" W x 64" L
- Powder Coat finishes are available
- Storage Options Available

ROLL TARP TRUCKER

#6910

The Roll Top Trucker is similar to the Trucker I but is equipped with specially designed aluminum hooks to allow attachment to curtain vans and roll tarp trailers.

- **ANSI Rating – Special Duty (375-lb)**

- All Aluminum
- CNC Billet hooks
- Slip Resistant Treads & D-Rung
- Foldable bottom D-Rung step
- (2) Folding Handles
- Weight: 22-lbs
- Dimensions (Stored): 21" W x 37" L
- Dimensions (In-Use): 21" W x 71" L
- Powder Coat finishes are available
- Storage Options Available

ECO TRUCKER

#6901

The ECO Trucker ladder is designed with the owner-operator's budget in mind.

- **ANSI Rating – Special Duty (375-lb)**

- All Aluminum
- CNC Billet hooks
- Slip Resistant Ladder Rung Steps
- Weight: 15-lbs
- Dimensions: 18" W x 43" L x 6" D
- Powder Coat finishes are available

8

UTILITY TRUCKER

#6950

The Utility Trucker is similar to the Truck I but is equipped with steel brackets for permanent placement and pivots 180° for convenient storage.

- **ANSI Rating – Special Duty (375-lb)**
- All Aluminum
- Steel Bracket & Hinge
- (3) Slip Resistant Treads & D-Rung
- Foldable bottom D-Rung step
- Weight: 22-lbs
- Dimensions (Stored): 21" W x 37" L
- Dimensions (In-Use): 21" W x 71" L
- Powder Coat finishes are available

4 STEP TRUCKER

#6934

The Four Step Trucker is designed for crane trucks and trailers that sit high off the ground. Features four wide plank steps and a fold down bottom D-Rung for greater safety. Can be attached in the trailer's stake pockets or rub rail.

- **ANSI Rating – Special Duty (375-lb)**
- All Aluminum
- CNC Billet Hooks
- (4) Slip Resistant Treads & D-Rung
- Foldable bottom D-Rung step
- Weight: 25-lbs
- Dimensions (Stored): 21" W x 44" L
- Dimensions (In-Use): 21" W x 79" L
- Powder Coat finishes are available

9

LOAD CAR LADDER

#9500

The Load Car ladder features ladder-levelers to accommodate uneven terrain and shepherd hooks for mounting over most gondola, coal and hopper railcars.

- All Aluminum
- Slip Resistant ladder rung steps
- Shepherd Hooks
- Ladder Levelers
- Dimensions (stored): 18" W x 60" L
- Dimensions (fully extended): 18" W x 76" L

STORAGE & RACK ALTERNATIVES

Do you require a safe and secure place to store a newly purchased Trucker Series ladder? Please select from one of our two options.

The Trucker I ladder as well as Drop Deck and Roll Tarp Trucker models feature steps that fold together for easy, compact stowaway and minimal space usage.

Convenient, lockable rack alternatives include an Upright Rack for mounting to a headboard, headache rack, behind the cab, and the Shelf Storage Rack for mounting to the frame of trailer.

For flat bed trucks that have available deck space, the Utility Trucker is an all-in-one solution for truck access and ladder storage.

SHELF STORAGE RACK

#6000

The Shelf Storage Rack provides under trailer storage for the Drop Deck, Trucker I and Roll Tarp trailer ladders. The Shelf rack consists of two support arms and a base for mounting under flatbed deck or where space is available. Includes security bar for safety and security.

- All Aluminum
- Dimensions: 12-3/4" W x 18" L x 22" D
- Mounting holes are not pre-drilled
- Mounting hardware is not included
- Lock is not included

STEEL BRACKET

#6001

Our Steel Bracket design is your solution to utilizing the Trucker Series of ladders when a trailer does not include stake pockets or rub rail.

- Steel
- 26" L
- Mounting hardware is not included

12

UPRIGHT STORAGE RACK

#6005

The Upright Storage Rack is a lockable storage solution for Drop Deck, Trucker I and Roll Tarp trailer ladders. This rack bolts to the headboard, headache rack, behind the truck cab, or where space is available. Includes security bar for safety and security.

- All Aluminum
- Dimensions: 16" W x 31" L
- Mounting holes are not pre-drilled
- Mounting hardware is not included
- Lock is not included
- Mounting hardware not included

13

WORK PLATFORMS

14

Our portable, all aluminum work platforms are ideal for extending your trailer's surface area for safe passage around stored materials and equipment and are perfect for safely loading or unloading trailers. Each platform option features CNC billet hooks which allow for easy mounting to the trailer's rub rail. Our handrail design helps prevent falls and is removable for easy storage. Combine with a Trucker Series ladder for safe, easy access.

8' WORK PLATFORM

#6500WP8

- **ANSI Rating – 3-Man (3,000-lb) Capacity**
- All Aluminum
- Slip Resistant Tread
- Removable Handrail
- Weight: 87-lbs
- Dimensions (Platform): 96" W x 21" D
- Dimensions (Handrail): 96" W x 42" H
- Additional Left & Right Handrails are available

4' WORK PLATFORM

#6500WP4

- **ANSI Rating – 3-Man (3,000-lb) Capacity**
- All Aluminum
- Slip Resistant Tread
- Removable Handrail
- Weight: 45-lbs
- Dimensions (Platform): 48" L x 21" D
- Dimensions (Handrail): 48" W x 42" H
- Additional Left & Right Handrails are available

15

MARINE SERIES

We design and manufacture marine access ladders for recreational use. Choose from a unique line of ladders that can help you safely board a boat or a dock. We also provide marine access products for your pet.

Our marine access products are designed similar to a staircase for easy access into or out of the water. They are composed of lightweight aluminum, slip resistant marine planking, and handrails for greater safety.

TOONER I & II

#6700 & #6702

The Tooner pontoon ladders are great for easy access into or out of the water and will attach to most pontoon designs. The Tooner I includes a single fold down bottom step and the Tooner II includes a double fold down bottom step. Both options include pivoting bracket mounts and quick release pins, which are ideal for easy removal during transport or winter storage.

- All Aluminum
- (3) Slip Resistant Marine Plank Steps
- Tooner I includes a single fold down bottom step
- Tooner II includes a double fold down bottom step
- Pivoting bracket mount with quick release pins
- Weight: 20-lbs
- Dimensions: 33"L x 22" W for storage, 45" L (in use)
- Mounting hardware is included

DOCKER

#6703

The Docker ladder allows for easy access onto a dock after a long swim. The staircase-like design is ideal for safe access into or out of the water and is great for younger and older swimmers. Includes pivoting bracket mounts and quick release pins ideal for easy removal.

- All Aluminum
- (3) Slip Resistant Marine Plank Steps
- Pivoting bracket mount with quick release pins
- Weight: 20-lbs
- Dimensions (up position): 33" L x 22 W
- Dimension (down position): 45" L
- Mounting hardware is included

DOGSTEP

#8900

Does your dog like to swim but has limited access to the dock? If so, we have the perfect solution. The Dogstep ladder is designed similarly to a staircase for comfortable access to the dock. Includes pivoting bracket mounts and quick release pins for easy removal. This product is intended for pets and is NOT for human use.

- All Aluminum
- (3) Slip Resistant Marine Plank Steps
- Pivoting bracket mounts with quick release pins
- Weight: 25-lbs
- Dimensions: 26" W x 31" L x 21" D
- Mounting hardware is included
- For Pets Only

ALUMINUM OUTDOOR BENCHES

Our aluminum benches provide a great sitting area for watching a sunset or just relaxing. Our benches come in 4' and 6' lengths and are ideal on a porch, at a park, in front of a business or on a campus. Have your bench powder coated to support your favorite team or to match the exterior of your home or business. Can be secured to asphalt, concrete, and wood surfaces.

- All Aluminum
- Weight (4'): 40-lbs
- Weight (6'): 50-lbs
- Powder coat finishes are available
- Anchor hardware is not included

CUSTOM PRODUCTS

At IAS we provide a unique service of designing and manufacturing custom aluminum access solutions to fit your needs. Custom aluminum products manufactured at IAS include, but are not limited to: handrails, walk-boards, work platforms, specialty ladders, manhole covers, apartment staircases, and cross-over ladders.

We pride ourselves on providing superior customer service by offering onsite assessments, delivery and installation of your new IAS product. We will work with you every "step" of the way to guarantee 100% satisfaction.
