

ANSI A1264.1-2017 and OSHA 1910.29 and 1926.502

EASY TO INSTALL

Our all aluminum **Removable Stake Pocket Rail** is an OSHA friendly design that readily mounts into stake pockets of most trailers.

The Removable Stake Pocket Rail provides workers the ability to improve loading efficiency and occupational safety. It also provides fall protection and a secure working area for loading, unloading and maneuvering while on the trailer. The Removable Stake Pocket Rail features an easy installation process by simply sliding into the stake pockets of most trailers.
